

INTRODUCTION

The role of the Northeast Missouri Area Agency on Aging is to plan, coordinate, and advocate for the development of a comprehensive service delivery system to meet short and long-term needs of older persons within our service area. The mission of the Northeast Missouri Area Agency on Aging is to help older adults maintain dignity and maximum independence in a home environment.

The agency serves sixteen counties in Northeast Missouri and works with a variety of service providers to coordinate existing services and stimulate new ones.

Northeast Missouri Area Agency on Aging is a private not-for-profit corporation providing services with a combination of federal, state, and local funds. Northeast Missouri Area Agency on Aging does not discriminate on the basis of race, color, national origin, gender, age, or handicap.

Northeast Missouri Area Agency on Aging is governed by a Board of Directors. The Board is responsible for policy making, which must coincide with State and Federal Regulations. Board members are elected to represent the elderly in the sixteen county service delivery area of Northeast Missouri.

This guide has been assembled and published by Northeast Missouri Area Agency on Aging to provide information on services to the elderly, their caregivers, and the disabled in the following sixteen counties:

Northeast Missouri Area Agency on Aging is a not-for-profit corporation established in October 1973. The agency serves as an advocate for older persons who reside in a sixteen county area of Northeastern Missouri. The role of the agency is to advocate for seniors by defining their needs and developing the necessary public and private resources to address those needs; coordinate the use of existing services and resources; and serve as a source of information on the availability of services. NEMO AAA contracts with community-based agencies to provide the following services in the sixteen counties it serves:

Information and Assistance: The Area Agency provides information and assistance services to ensure that all elderly persons within the planning and service area have reasonably convenient access to information about the services available within their geographic region. The Agency provides a prompt, accurate, and pertinent response to an inquiry, which may include directing the person to the appropriate resources.

In-Home Services: Homemaker/Chore Services: Homemaker services are general household activities provided by a trained homemaker when clients are unable to manage the home and care for him/herself or others in the home, or when the individual (other than the client) who is regularly responsible for these activities is temporarily absent. Homemaker services include some of the following activities: meal preparation; cleanup after meals; cleaning bathroom fixtures; making beds and changing sheets; sweeping, vacuuming, and scrubbing floors; tidying and dusting; laundry, ironing and mending clothes; washing inside windows and cleaning blinds reachable without climbing; bagging trash inside the home and putting it out for pick up; shopping for essential items; performing essential errands; reading and writing essential correspondence when necessary; and instructing clients in ways to become self-sufficient in performing household tasks. The homemaker activities provided are mutually determined by the provider agency and the client.

Personal Care: Personal care services are maintenance services provided to clients in the individual's residence to assist with the activities of daily living. Personal care services include some of the following activities: assisting with dietary needs, including meal preparation and cleanup and assisting with eating/feeding; assisting with dressing and grooming, including helping with dressing and undressing, combing hair and nail care; assisting with bathing and personal hygiene, including assisting with bathing, shampooing hair, oral hygiene and denture care, and shaving; assisting with toileting and continence, including assisting in going to the bathroom; changing of beds for persons with medically related limitations that prohibit the completion of this task; assisting with

AREA AGENCIES ON AGING

mobility and transfer, including assisting with transfer and ambulation when recipient can at least partially bear own weight; assisting with medication, including assisting with the self-administration of medicine, applying nonprescription topical ointments or lotions; and medically related household tasks including approved homemaker and chore tasks. The personal care activities provided are mutually determined by the provider agency and the client.

Respite: Respite care services are maintenance and supervisory services provided to a client in the individual's residence to provide temporary relief to the usual caregiver(s). Respite care services include some of the following activities: Supervision - the respite care worker will provide personal oversight of the client for the duration of the service period. Personal oversight includes making a reasonable effort to assure the safety of the client and to assist the client in meeting his/her own essential human needs. The respite activities provided are mutually determined by the provider agency and the client.

Legal Service: NEMO AAA receives very limited funding to assist seniors with legal services they may not otherwise be able to afford. The program does not base eligibility on a person's income or resources; however, federal law requires that the program direct services to those persons 60 years of age and older who are in the greatest social and/or economic need. Priority of assistance will be given to those eligible seniors, living in the counties covered by NEMO AAA, in need of legal assistance regarding income, health care, long-term care, housing, utilities, protective services, abuse, neglect, consumer law, public benefits, and age discrimination. The counties covered by NEMO AAA are Adair, Clark, Knox, Lewis, Lincoln, Macon, Marion, Monroe, Montgomery, Pike, Ralls, Randolph, Schuyler, Scotland, Shelby, and Warren. These services do not include any criminal matters, fee generating cases, out-of-state actions, traffic offenses, actions on behalf of persons who are incarcerated other types of legal problems involving a special degree of expertise such as tax or complex trusts, and actions in which the potential recovery to the client does not justify the use of Agency resources.

NEMO AAA reserves the right to limit the number of units (1 unit = 1 hour of service) received by a participant each program year (July 1 through June 30) in order to ensure fair and appropriate access for all eligible seniors. Services are provided on a first-come first-served basis as long as funding exists, and the case is accepted by the legal services provider.

Nutrition Service: Congregate Meals: Nutritionally balanced hot meals are served in a congregate setting at the senior multipurpose centers. These meals provide 1/3 of the adult daily nutrition requirement to persons over the age of 60 and spouses, regardless of economic standing. **Home Delivered Meals:** The same hot meal served at the multipurpose center is delivered to senior citizens who are homebound due to illness, isolation, or incapacitation. Evening and weekend meals, as well as special diets, are available if needed.

Ombudsman Service: The Ombudsman Program is made up of trained volunteers who advocate for quality care for long-term residents.

Transportation: Provides door-to-door transportation for medical, shopping, or essential business purposes, and to visit senior centers and nutrition sites.

Silver Haired Legislature: A model legislature, SHL delegates represent the needs of Northeast Missouri's seniors. The top five SHL bills are submitted to Missouri's General Assembly each year.

Volunteers: Volunteers play a vital role in the successful operation of NEMO AAA funded programs. Volunteers serve on our board of directors and advisory council, assist in senior centers, and serve as ombudsmen in nursing homes. Volunteers are always needed and appreciated.

Medicare Part D: The area agency provides information and assists with enrollment.

Affordable Care Act: The agency contracts with providers who employ federally certified/state licensed Navigators to provide Marketplace counseling and enrollment assistance.

AREA AGENCIES ON AGING

Prescription Drug Assistance: The Area Agency can help link seniors and the disabled with free or low-cost prescription drugs provided by almost 200 drug distribution programs offered by pharmaceutical companies.

The NEMO AAA and local Senior Centers assist Medicare beneficiaries throughout Northeast Missouri apply for three programs that save many Missourians money on the cost of their medications and the premiums they pay for their Medicare coverage. These programs are the Medicare Savings Program, Limited Income Subsidy Program, and MoRx Program.

Steady As You Go: Learn how you can prevent falls. Northeast Missouri Area Agency on Aging and the local Senior Centers provides prevention information. Many of the local Senior Center provide exercise classes.

Disease Prevention: The Northeast Missouri Area Agency on Aging contracts for the following programs: Chronic Disease Self-Management, Healthy Ideas, and Powerful Tools for Caregivers.

Benefits Enrollment Counseling: Counselors assist in financial assessment and enrollment in money saving programs.

All Missouri area agencies offer similar programs within their service area.

Chronic Disease Self-Management Program: Workshops in the community setting including content on techniques to deal with problems such as frustration, fatigue, pain, flexibility, and isolation; appropriate exercise for maintaining/improving strength, flexibility, and endurance; appropriate use of medications; communicating effectively with family, friends, and health professionals; nutrition; and how to evaluate new treatments.

Healthy Ideas (Identifying Depression, Empowering Activities for Seniors): Screening Seniors for depression, impact on activities of daily living, level of pain, self-confidence levels for managing levels for managing depressive symptoms, and impact on activity level caused by depressive symptoms.

Powerful Tools for Caregivers: This program improves self-care behavior (e.g. increased exercise, relaxation, and medical check-ups); management of emotions (reduced guilt, anger, and depression); self-efficacy (increased confidence in coping with caregiving demands); and use of community resources (increased utilization of local services).

Diabetes Self-Management Program: This community-based, six week program is designed for people with type 2 diabetes or pre-diabetes. Each of the 2 ½ hour workshops are facilitated two trained Leaders, one or both of whom are peer leaders with diabetes themselves. Subjects covered include: 1) techniques to deal with the symptoms of diabetes, fatigue, pain, hyper/hypoglycemia, stress, and emotional problems such as depression, anger, fear and frustration; 2) appropriate exercise for maintaining and improving strength and endurance; 3) healthy eating 4) appropriate use of medication; and 5) working more effectively with health care providers

Matter of Balance: This program emphasizes practical strategies to reduce the fear of falling and increase activity levels. Participants learn to view falls and fear of falling as controllable; set realistic goals to increase activity; change their environment to reduce fall risk factors; and exercise to increase strength and balance.

Northeast Missouri Area Agency on Aging

800-664-6338

NEMO AAA receives very limited funding to assist seniors with legal services they may not otherwise be able to afford. The program does not base eligibility on a person’s income or resources; however, federal law requires that the program direct services to those persons 60 years of age and older who are in the greatest social and/or economic need. Priority of assistance will be given to those eligible seniors, living in the counties covered by NEMO AAA.

NEMO AAA reserves the right to limit the number of units (1 unit = 1 hour of service) received by a participant each program year (July 1 through June 30) in order to ensure fair and appropriate access for all eligible seniors. Services are provided on a first-come first-served basis as long as funding exists.
